

## Sehr geehrter Kunde

**Bei unseren Produkten handelt es sich nicht um Lagerware. Wir fertigen alle Modelle nach Ihren Vorstellungen und Wünschen. Wir setzen gerne auch Ihre eigenen Kreationen in die Praxis um und versehen die Modelle auf Ihren Wunsch mit den entsprechenden Schutzrechten. Desweiteren besteht die Möglichkeit, einzelne Teile von verschiedenen Modellen auszutauschen, zu ändern oder wegzulassen.**

Wenn Sie sich für ein Modell entschieden haben, senden Sie uns ein Fax mit der Modellnummer oder eine Zeichnung mit folgenden Angaben:

- Material
- Abmessungen
- Durchmesser
- Höhe - Länge - Winkel
- Oberflächenqualität
- Farbe
- Anschraubvariante
- Stückzahl

Wir senden Ihnen kurzfristig ein Angebot zu bzw. rufen Sie zurück, um evtl. auftretende Fragen zu klären oder unterbreiten Ihnen gegebenenfalls ein Alternativangebot.

## Wie Sie uns erreichen:

- **Sekretariat**  
Telefon 036847.501-0      Fax 036847.501-20
- **Verkauf/Entwicklung**  
Telefon 036847.501-11      Fax 036847.501-60
- **Lieferanfragen**  
Telefon 036847.501-16/-21      Fax 036847.501-60
- **Einkauf**  
Telefon 036847.501-15      Fax 036847.501-50
- **Buchhaltung**  
Telefon 036847.501-13      Fax 036847.501-40

## Dear customer

We do not have our products in stock.

We manufacture all models as you wish and request them.

We also like to put your creations into practice and get the necessary patents and copyrights for the models if requested.

Furthermore it is possible to change, modify or leave out single parts of different models.

If you have decided on a model, you can send us a fax with the model number or a drawing with the following information:

- material
- dimensions
- diameter
- height - length - angles
- surface quality
- color
- screwing variant
- number of pieces

We can send you an offer immediately or you can call back to settle possible questions or we submit you an alternative offer.

## How to contact us:

- **secretary's office**  
Fon 036847.501-0      Fax 036847.501-20
- **sales**  
Fon 036847.501-11      Fax 036847.501-60
- **delivery inquiries**  
Fon 036847.501-16/-21      Fax 036847.501-60
- **purchasing department**  
Fon 036847.501-15      Fax 036847.501-50
- **accounting department**  
Fon 036847.501-13      Fax 036847.501-40

## Möbelfüße aus Vollaluminium

- alle Durchmesser, alle Höhen und alle Formen möglich
- Kombination mit verschiedenen Gleitern, Plaste-, Chrom- und Holzteilen möglich
- beweglich oder feststehend
- höhenverstellbar
- Schrägstellung in Verbindung mit verschiedenen Befestigungsvarianten möglich
- Oberfläche von matt bis glänzend bzw. farbliche Gestaltung in allen möglichen RAL-farben

## Aluminiumformteiltrübe

- Hohlkörper
- Werkzeugabhängig in Form und Höhe
- in Kombination mit Aludrehteilen, Holzteilen oder Holzkern möglich
- Oberfläche von matt bis glänzend bzw. farbliche Gestaltung in allen möglichen RAL-farben

## Rohrfüße

- aus Rund-, Quadrat-, Rechteck-, Flachoval-, Kegelrohr oder elyptischen Rohr
- alle Durchmesser, alle Höhen möglich
- Rohr gebogen, geprägt, geweitet, verjüngt oder gelocht möglich
- Kombination mit verschiedenen Gleitern, Plaste-, Chrom- und Holzteilen möglich
- beweglich oder feststehend
- höhenverstellbar
- Schrägstellung in Verbindung mit verschiedenen Befestigungsvarianten möglich
- Oberfläche von matt bis glänzend bzw. farbliche Gestaltung in allen möglichen RAL-farben

## Stahlfüße

- alle Durchmesser, alle Höhen und alle Formen möglich
- Kombination mit verschiedenen Gleitern, Plaste-, Chrom- und Holzteilen möglich
- beweglich oder feststehend
- höhenverstellbar
- Schrägstellung in Verbindung mit verschiedenen Befestigungsvarianten möglich
- Oberfläche von matt bis glänzend bzw. farbliche Gestaltung in allen möglichen RAL-farben
- Vielfältige Formen möglich, da Fertigung durch Laserschnitt oder auf frei programmierbaren CNC-Maschinen erfolgt

## Gußfüße

- formgebunden in Ausführung und Höhe
- Sand-, Kokillen- oder Druckgußformen sind bestimmt für Qualität, Stückzahl und Preis
- Oberfläche von gestraht, natur über geschliffen bis poliert möglich oder in RAL-farben
- Kombination mit Stahlteilen, Aludruck-, Aludreh- und Holzteilen möglich

## Holz-Metall-Füße

- alle Durchmesser, alle Höhen und alle Formen möglich
- Kombination mit verschiedenen Gleitern, Plaste-, Chrom- und Holzteilen möglich
- beweglich oder feststehend
- Schrägstellung in Verbindung mit verschiedenen Befestigungsvarianten möglich
- Oberfläche von matt bis glänzend bzw. farbliche Gestaltung in allen möglichen RAL-farben
- Holzteile in allen RAL-farben bzw. in natur lieferbar
- feststehend mit Gleiter, mit beweglichem Gleiter, Rollen, und Rädern
- Metalleinlagen in Holz oder umgekehrt möglich

## Metallfüße

- aus Stahl oder Edelstahl
- vielfältige Formen möglich, da Fertigung durch Laserschnitt erfolgen kann
- Oberfläche von matt bis glänzend bzw. farbliche Gestaltung in allen möglichen RAL-farben
- durch Biegekanten und -rollen entstehen u. a. großvolumige stabile Modelle mit geringem Gewicht

## Rohrbiegeteile

- In den verschiedensten Querschnitten und Durchmessern lieferbar
- Oberfläche chrom bzw. farbliche Gestaltung in allen möglichen RAL-farben
- Anwendung als:
  - Kopfteil mit und ohne Fußteil
  - mit integrierter Ablage lieferbar
  - Seitenteile als Fußbügel
  - Kombinierte Fuß- und Armtellauflagen
  - Schwenk- und Ablagetische
  - Kopfstützen fest und verstellbar
  - Drehuntergestelle fest oder gefedert
  - Armlehnbügel

## Diverse Metallteile

- Befestigungswinkel, -platten und -ronden
- Gewindestifte
- Rohrverbinder
- Gleiter
- geschweißte Verbindungsteile
  - Eckverbinder
  - Aufnahmen
- Metallseiten, Boden- und Rückenteile fest, beweglich, schließbar und mit unsichtbaren Mechaniken

## Furniture legs of full aluminium

- all diameters, all heights and all forms are available
- combination with different gliders, plastic, chromium or wooden parts possible
- movable or fixed
- adjustable in height
- tiltable in connection with different fixing variants
- surface from matt to shining or coloured in all possible RAL-colours

## Aluminium moulded part legs

- hollow body
- dependent on tool in form and height
- in combination with aluminium turned parts, wooden parts or wooden core available
- surface from matt to shining or coloured in all possible RAL-colours

## Tube legs

- made of round, square, rectangle, flat oval, cone or elliptical tubes
- all diameter, all heights available
- tube is bent, stamped, widened, tapered or punched
- combination with different gliders, plastic, chromium or wooden parts possible
- movable or fixed
- adjustable in height
- tiltable in connection with different fixing variants
- surface from matt to shining or coloured in all possible RAL-colours

## Steellegs

- all diameters, all heights and all forms available
- combination with different gliders, plastic, chromium or wooden parts possible
- movable or fixed
- adjustable in height
- tiltable in connection with different fixing variants
- surface from matt to shining or coloured in all possible RAL-colours
- many different forms available as manufacturing is done by laser cutting or on freely programmable CNC-machines

## Cast-iron legs

- fixed in form, design and height
- sand casting, chill casting or diecasting moulds are determined for quality, piece number and price
- surface from blasted, nature to ground and polished or in RAL-colours
- combination with steel parts, aluminium pressed, aluminium turned and wooden parts possible

## Wooden-metal legs

- all diameters, all heights and all forms are available
- combination with different gliders, plastic, chromium or wooden parts possible
- movable or fixed
- adjustable in height
- tiltable in connection with different fixing variants
- surface from matt to shining or coloured in all possible RAL-colours
- wooden parts available in all RAL-colours or in nature
- fixed with glider, with movable glider, rollers or wheels
- metal inserts available in wood or the other way round

## Metal legs

- made of steel or high-grade steel
- many different forms available as manufacturing can be done by laser cutting
- surface from matt to shining or coloured in all possible RAL-colours
- by means of bending edge and rolls bulk and solid models can be manufactured with low weight

## Tube bending legs

- available in different cross-sections and diameters
- Surfaces in chromium or coloured in all possible RAL-colours
- Usage as:
  - head part with or without leg part
  - available with integrated pigeon hole
  - side parts as foot bows
  - combined foot and arm rests
  - swing and delivery tables
  - fixed and adjustable headrests
  - fixed or spring turning stands
  - armrest bows

## Various metal parts

- angle brackets, mounting plates and round plates
- set screws
- tube connectors
- gliders
- welded links
  - corner connectors
  - supports
- metal sides, bottom and back are solid, movable, lockable and with invisible mechanism
